Tourists can visit the "Parques Biliotecas" (Library Parks), the "Museo de Antioquia" (Museum of Antioquia), the "Plaza Botero", el Jardín Botánico (the botanical garden), el "Parque Explora" (the Explora Park) and its aquarium, the planetarium, the "Atanasio Girardot" sport complex, the two first "Unidades de Vida Articulada", UVA, that are now working for the citizens and the up-to-date technology offered by "UNE-EPM" telecommunications among others. “Desfile de Silleteros” (Silleteros Parade) is the central event of the “Feria de las Flores”, where millions of flowers fill saddles on people's backs, laborious work passed on from generation to generation of farmers from Santa Elena. With hundreds of varieties of flowers, these farmers create beautiful landscapes, portraits, posts with local and civic values, and their own creations. With all this on their backs, they make part of a parade through the main streets of the city. This year is the 57th version.

*The “sillita” was a loading instrument and transportation of people, which was ingeniously adapted to display various kinds of floral arrangements in the annual parade.
